

# Volt Polska

## For non-Polish volunteers collecting signatures

### Printing and preparation

Print the signature collection form single-sided on A4 paper at 100% scale, in the required number of copies. The cover for protecting personal data during collection is available in a separate file, "Volt\_Polska\_data\_protection"; print one protection for each collection set on opaque paper. Prepare a clipboard, the protection, pens, and a lockable, opaque folder.

### How to use the cover

On the cover, the outer line indicates where to cut, and the inner lines indicate regular folds. Fold the cover accordion-style. Put it on after receiving the first signature. Fasten the top edge just below the column headings. Cover the first row; after the second signature, unfold the cover to cover two rows, and so on. Keep the remaining part folded. Always keep the party name, the instruction for providing an address, the statement of support, the column headings, and the currently empty row visible. Before collecting signatures, have a dry run to test the protection. Do not cut or separate the signature sheet!

### Signatures and originals

Explain that the signature supports the application of the "Volt Polska" party for entry in the national party register. Confirm that the entry is complete, especially the address, before the person leaves. Do not add a phone number or email address to this list. Place completed sheets immediately in a closed, opaque folder. Hand the originals of the collected forms to the designated coordinator or send them to the received address; do not scan the lists or send photos of the lists to any messaging groups.

### When collecting signatures at home and among friends and family

Cover earlier entries from friends and family members as well. Do not leave the lists for people to sign on their own on a table, counter, or any other accessible surface. The person collecting signatures is responsible for protecting the personal data of people signing the list by using the cover; the person collecting signatures must also prevent people from looking over the signer's shoulder while the current row is being completed.

### GDPR information

The controller of the data collected for registration is the Volt Polska Association. The data is collected under the Political Parties Act and is used exclusively for the purpose of submitting the Volt Polska party for entry in the register of political parties. Full information (in Polish) about the processing of personal data is available at [voltpolska.org/rejestracja](https://voltpolska.org/rejestracja), and the person collecting signatures must ensure access to the information during the collection.

### Translation of the collection form

You can see the translation of the signature collection form on page 2. Do not use it for actual collection. The signatures collected on a form in English would be considered invalid.

# Volt Polska

## Wykaz osób popierających zgłoszenie partii do ewidencji

= List of citizens supporting the registration of a political party in the register

*Popieram zgłoszenie partii politycznej „Volt Polska” do ewidencji partii politycznych prowadzonej przez Sąd Okręgowy w Warszawie.*

*= I support the application to enter the political party "Volt Poland" into the register of political parties managed by the District Court in Warsaw.*

Podpis może złożyć Obywatel Polski, który ukończył 18 lat i ma pełną zdolność do czynności prawnych.

**Adres zamieszkania musi zawierać:** miejscowość z kodem pocztowym, ulicę (jeśli jest nazwana), nr domu i lokalu (jeśli jest nadany), w przypadku zamieszkiwania poza Polską także państwo. **Podpis z niepełnym adresem jest nieważny.**

A signature can be provided by a Polish citizen who is at least 18 years old and has full legal capacity.

**The residential address must include:** the town/city with the postal code, the street name (if named), house and apartment number (if assigned), and, in the case of residing outside Poland, also the country. **A signature with an incomplete address is invalid.**
